“As members of Catholic faith communities, we are called to serve.”

In 1999, the Ontario Ministry of Education mandated that every Ontario secondary student must complete 40 hours of community service in order to graduate. This expectation is consistent with our belief that through involvement with their community, students build empathy and social awareness, grow in faith, boost self esteem, and develop civic responsibility.

Christian Community Service activities

- Promote Catholic faith teachings and gospel values;
- Are designed to benefit the community;
- Support a non-profit agency;
- Promote tutoring, mentoring or coaching;
- Foster stewardship of the environment and global world;
- Involve an association that seeks to make a positive contribution in the community

Student Role

- Talk to your parent/guardian about Christian Community Service.
- Read the list of eligible and non-eligible activities.

- When you complete each activity, have the supervisor sign the Christian Community Service Record to verify the date, number of hours, and the nature of the activity. You can download additional copies of the form at the board website: www.dcdsb.ca.
- Keep the documentation in a safe place. In the fall, your high school guidance office will provide instructions for submitting the record of service.
- Your 40 hours of Christian Community Service should be complete by the spring of grade 12. The sooner you begin, the more rewarding the experience will be.

Insurance

Students are protected by the Board's liability insurance while they perform their 40 hours of volunteer community service. Community sponsors are also protected by the Board's liability insurance for claims that arise out of students' volunteer activities. Boards expect that all community sponsors will provide students with appropriate instructions and safety precautions, and will train and supervise student volunteers. The board's insurance does not cover sponsors for lawsuits that arise from their negligence or for student injuries in the workplace. Students and parents are encouraged to purchase Student Accident Insurance, available through the schools.
